250 YEARS OF BRINGING PEOPLE TOGETHER

Welcome!

250th Anniversary (Virtual) British Bash

It is with great pleasure I welcome you to the final event in this our milestone year.

Although 2020 has tested us all, it has proved that even in the toughest of times our community not only adapts but thrives. Our long tradition of kindness has been, and will continue to be, a consistent thread in the ever-changing fabric of New York.

Since my appointment, I have been humbled by the amazing generosity of our members, partners and supporters. So many people give their time, expertise and money and help us provide a *commonwealth of kindness* to New Yorkers in need. It has been equally powerful to hear from beneficiaries how your support has been “life-changing”.

Tonight, is an opportunity to recognize Zanna, our terrific honoree, celebrate and have fun, while raising crucial funds for our charitable programs.

I am proud to lead such a dedicated team at St George’s Society and on their behalf, I wish you a happy and healthy holiday season.

Keep being kind, be safe and be well.

People Helping People

Our Charitable Programs

Founded in 1770, St. George's Society of New York is one of America's oldest charities. Our long tradition of good works—fueled by a passionate membership community—has been a consistent thread in the ever-changing fabric of New York.

At our core, St. George's Society is a community of people helping people—providing care, comfort and kindness when it is needed most. Our work addresses some of society's biggest challenges—from poverty and isolation to access to education

The **Beneficiary Program** provides financial and quality-of-life support to at-risk seniors, protecting them from homelessness, poverty, isolation and neglect. The Society gives more than 1,100 stipends annually to cover housing, home care expenses, medication, utility costs and other basic necessities. Furthermore, our social workers help these elderly individuals navigate New York's complex social services landscape.

The **Scholarship Program** awards financial aid to low-income students facing hardship in their final year of study at CUNY universities across all five New York City boroughs. The program was first established in 2008 and has awarded over 450 scholarships totaling over \$1 million, as well as a variety of career and educational enrichment opportunities for students.

The **Weatherstone Families Support Fund** delivers practical and logistical assistance to British families affected by pediatric cancer traveling to New York for treatment. From meeting them at the airport, to accompanying them on their first hospital consultation, we provide a much-needed support network, alleviating the stress and commotion of being far from home under very difficult circumstances.

2020 has reinforced that our historic mission is just as important today as it was 250 years ago.

President Daniel Lemons and the faculty,
staff and students of Lehman College
extend best wishes to the

St. George's Society of New York

on the occasion of its
250th Anniversary British Bash.

Congratulations to the 2020 honoree:
